1. Introduction

1.1. Purpose

The purpose of this User Guide is to provide general system information, as well as accessibility and user roles with the VHIC application. This User Guide will provide a detailed walkthrough of creating a Veteran Health Identification Card replacement request using the VHIC application.

1.2. Document Orientation

1.2.1. Organization of the Manual

This User Guide is divided into sections to allow you to obtain quickly the information you need.

The first section will provide an overview of what a VHIC is and what the eligibility requirements are, and the various user roles and their accessibility within the VHIC application.

In order to be able to receive a VHIC, a Veteran must meet the following eligibility criteria:

- Be eligible for VA medical benefits
- Be enrolled in the VA Healthcare system
- Be Level 2 proofed at a VA medical facility
- Veteran identity must be recognized in the Master Veteran Index (MVI), which is managed by the Identity and Access Management (IAM) of the VA

NOTE: The Level 2 proofing process is a method to verify the identity of Veterans. VA requires Veterans to provide approved identification documents to access Personal Identifiable Information (PII), Personal Health Information (PHI) and request a Veterans Health Identification Card (VHIC).

The second and third sections will walk the user through the steps needed to access the VHIC application, as well as some general guidelines on using the VHIC application.

The fourth section will give the user step-by-step details of how to complete the Replacement Card Request. Once all of the required information has been provided, the final step in the process will allow a VHIC request to be submitted for processing.

Each day, these card requests are transmitted from the VHIC system to a vendor to print and mail the cards to the Veterans, the preferred facility, or the requesting facility. Typically, the cards are received in 7-10 business days from date of request. To ensure the VHIC is received at the appropriate address, the VHIC Associate must verify that the correct address is used and the Print Vendor verifies that the address is valid. If the U.S. Postal Service cannot deliver the card, it is returned to the requesting facility.

The last section covers some troubleshooting issues and solutions that will help the VHIC user to better able to support the Veteran and ensure that the VHIC requests are processed properly.

1.2.2. Assumptions

This guide has been written with the following assumed experience/skills of the audience:

- User has basic knowledge of the operating system (such as the use of commands, menu options, and navigation tools).
- User has been provided the appropriate active roles required for the VHIC application.
- User is using *Internet Explorer* to do their job of either Creating a VHIC Card Request, Running Reports, or Managing VHICs depending on user roles.
- User has validated access to the VHIC application.
- User has completed any prerequisite training.

1.2.3. Disclaimers

1.2.3.1. Software Disclaimer

This software was developed at the Department of Veterans Affairs (VA) by employees of the Federal Government in the course of their official duties. Pursuant to title 17 Section 105 of the United States Code this software is not subject to copyright protection and is in the public domain. VA assumes no responsibility whatsoever for its use by other parties, and makes no guarantees, expressed or implied, about its quality, reliability, or any other characteristic. We would appreciate acknowledgement if the software is used. 1.2.3.2. Documentation Disclaimer

The appearance of external hyperlink references in this manual does not constitute endorsement by the Department of Veterans Affairs (VA) of this Web site or the information, products, or services contained therein. The VA does not exercise any editorial control over the information you may find at these locations. Such links are provided and are consistent with the stated purpose of the VA.

1.2.4. Documentation Conventions

This manual uses several methods to highlight different aspects of the material.

- Various symbols are used throughout the documentation to alert the reader to special information. The following table gives a description of each of these symbols:

Table 1: Documentation Symbols and Descriptions

Symbol	Description
	NOTE: Used to inform the reader of general information including references to additional reading material

- Descriptive text is presented in a proportional font (as represented by this font).
- “Screenshots” of computer online displays (i.e., character-based screen captures/dialogs) and are shown in a non-proportional font and enclosed within a box. Also included are Graphical User Interface (GUI) Microsoft Windows images (i.e., dialogs or forms).
- User's responses to online prompts (e.g., manual entry, taps, clicks, etc.) will be **[boldface]** type and enclosed in brackets.

1.3. Enterprise Service Desk and Organizational Contacts

The support contact information documented herein is intended to restore normal service operation as quickly as possible and minimize the adverse impact on business operations, ensuring that the best possible levels of service quality and availability are maintained.

The following table lists the contact information needed by site users for troubleshooting purposes. Support contacts are listed by description of the incident escalation and contact information (phone number and options to select).

Table 2: Enterprise Service Desk Contact Information

Issue	Contact Info
For Provisioning Issues	Contact the Enterprise Service Desk at (855) 673-4357, option 3 (Applications), then option 1. When contacted by a support specialist, be ready to supply the employee's full name, VA user ID and email address.
For Proofing Issues	Contact the Enterprise Service Desk at (855) 673-4357, option 3 (Applications), then option 1. When contacted by a support specialist, be ready to supply the Veterans' full name, full SSN, and DOB.
For All Other VHIC System Issues	Contact the Enterprise Service Desk at (855) 673-4357, option 3 (Applications), then option 1 When contacted by a support specialist, be ready to supply the Veterans' full name, full SSN, and DOB.

2. Veteran Health Identification Card – What is it?

The VHIC serves as an identification mechanism for Veterans that are enrolled in the VA Healthcare system and supports efficiencies at VA medical facilities throughout the United States. Although not required by Veterans to receive medical care at a VA facility, it does enable Veterans to check in for VA appointments more quickly. The VHIC system is a web-based application that VHIC Associates use to issue VHICs to enrolled Veterans.

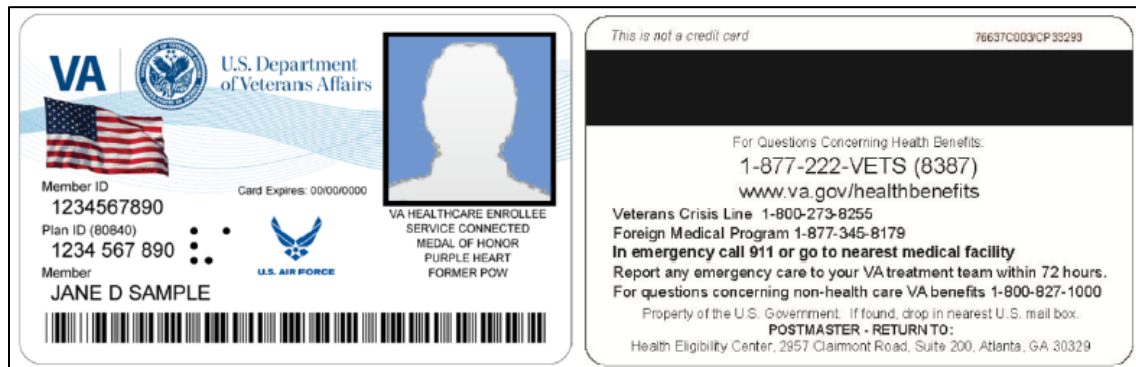

Figure 2:1: Example of what the VHIC looks like

2.1. Proper Navigation of the VHIC Application

The correct way to navigate through the VHIC application is to use the buttons that are located at the bottom of each screen instead of using the Browser's built in Back button. Please do **NOT** use the *Back* button at the top of your browser window to navigate back to a previous screen; this will cause errors to occur.

2.2. Roles Within VHIC

The VHIC application is built to accommodate a specific set of pre-established user roles. During the provisioning process, the VHIC user will have a role assigned to them, which will determine what aspects of the VHIC application are available to them. The following breaks down the specific roles and the areas of access that accompany each role.

If, while utilizing the VHIC application, a user finds they do not have access to items they feel they should have access to or find that they have access to items they should not, based on the definitions listed below, the VHIC user should report this information to their VHIC Supervisor. The VHIC Supervisor should then verify that the proper role has been assigned.

For a complete list of Roles and Access levels please refer to the **VHIC Roles and Access** document.

3. Getting Started

3.1. Logging On

The VHIC application is built to accommodate a specific set of pre-established user roles. During the provisioning process, the VHIC user will have a role assigned to them, which will determine what aspects of the VHIC application are available to them. The roles are listed below. For more information on the areas of access that accompanies each role, please refer to the **VHIC Roles and Access** document.

- VHIC Associate
- VHIC Supervisor
- VHIC Administrator
- VHIC Technical Administrator (Tier 3)
- VHIC Auditor
- VHIC Read-Only User
- VHIC Card Replacement User

3.2. Enrollment System Link to VHIC

Once users are logged into the Enrollment System, an eligible user will be able to click on a hyperlink in the Enrollment System and be directed to VHIC. Their VHIC role of Card Replacement User provides access to features in the VHIC application for ES Users use only.

The screenshot displays the VHA Enrollment System interface for a user named KENNETH FERGUSON. The interface includes a top navigation bar with links like 'Skip to Main Content', 'Welcome', 'SIGN OUT', and 'Reference Tables'. Below this is a secondary navigation bar with links such as 'Home', 'Veteran', 'Worklist', 'Registry', 'Transmissions', 'MSDS Messages', 'Mail', 'Reports', 'Reference', 'ESR Registration', and 'Admin'. The main content area shows a 'Person Search > Overview' section with a yellow header bar containing member information: Member ID: 1606216560, NAME: FERGUSON, KENNETH, SSN: 101-14-1254, DOB: 03/21/1963, DOD: , and ENROLL STATUS: VERIFIED. Below this is a tabbed interface with tabs for Overview, Eligibility, Demographics, Military Service, Financials, Enrollment, Facility, and Communications. The 'Overview' tab is active, showing several sections: 'Update Current Eligibility' (ELIGIBILITY) with fields for Primary Eligibility Codes, Secondary Eligibility Codes, Service-Connected Percentage, Eligibility Status, and Current Number of Health Benefit Plans; 'View Community Care Outcome' (COMMUNITY CARE DETERMINATION) with a field for Community Care; 'Update Mailing Address' (DEMOGRAPHICS) with fields for Address and Home Phone; 'Future Discharge Date' (MILITARY SERVICE) with fields for Is On Active Duty, As Of Date, and Future Discharge Date; and 'View Veteran Health Identification Card (VHIC) Status' (COMMUNICATIONS) with a button labeled 'OPEN VHIC'. A red box highlights the 'View Veteran Health Identification Card (VHIC) Status' section, and a red arrow points to the 'OPEN VHIC' button.

Figure 3:1: VHIC ES Hyperlink

3.3. VHIC Home Screen

After the hyperlink has been selected, a second browser tab will be opened and VHIC Users will be directed to the Home screen assigned to their roles. To the eligible HEC ES users (Card Replacement Role), the Veteran Card Details page serves as their Home page for the application.

You will be directed to the Save Card Request page (*Figure 4:9: Save Card Request*) which gives the VHIC user and the Veteran one more opportunity to review all of the information on the screen for accuracy.

This screen contains the following information for review:

- Name as it will appear on card
- Address card will be mailed to (*this also contains the name as it will appear in the mailing address*)
- Replacement reason (*if applicable*)
- Reason for hold (*if applicable*)
- Service connected status
- Medal of Honor status
- Purple Heart status

- Prisoner of War status
- Branch of Service selection
- Date of Birth

Other fields that either will be populated or will populate upon final submission are:

- Card Number (populates upon final submission)
- Member ID
- ICN
- Member Benefit Plan ID
- VISN and Facility where request is being processed

4.2.1.1. Branch of Service

If available, the Veteran's Branch of Service options will be displayed on screen. The Veteran should be given the opportunity to select which logo they would prefer to appear on their card or if they would like to decline the logo option altogether (*decline is the default option*). The appropriate radio button should be selected based upon the Veteran's preference. Only those branches of service that are listed in the Enrollment System and in which the Veteran has served will be shown. This will need to be chosen before submitting the card request.

NOTE: Only one Branch of Service logo can appear on the card; those with more than one branch will have to select one or decline to show any logo.

Upon submission, a Card Number will be generated as well as an Expiration Date and Card Request Date. The colored field will change from yellow to green and the corresponding Card Status will change from Pending to Submitted as seen below.

The screenshot displays the 'Veteran Health Identification Card (VHIC)' application interface. At the top, the header includes the 'UNITED STATES DEPARTMENT OF VETERANS AFFAIRS' logo and the text 'Veteran Health Identification Card (VHIC)'. Below the header, a navigation bar shows five steps: Step 1 (Enter Search Terms), Step 2 (Select Veteran), Step 3 (Capture Veteran Image), Step 4 (Select Mailing Address), and Step 5 (Save Card Request). The 'Card Request Submitted' status is highlighted in a green box, indicating the current step. The 'Card Status' is 'Submitted' and the 'Card Request Date' is '10/02/2018'. The 'Name as it will appear on card' is 'SIX F MVIPATIENT'. The 'Address card will be mailed to' is 'SIX FIFTEEN MVIPATIENT, 124 SESAME STREET, MANASSAS PARK, VA 20111 USA'. The 'Replacement Reason' is 'Lost' and the 'Reason for Hold' is 'Not Applicable'.
