# Introduction

---

Diffusion of Excellence has partnered with CAVHS VIONE team to diffuse VIONE. The VIONE Poly-pharmacy template is used by clinical pharmacy specialists or providers to document medication reviews for Veterans at risk for poly-pharmacy and streamline discussions with Veterans and providers regarding Potentially Inappropriate Medications (PIMs). Associated health factors document rationale for de-prescribing and are used to track patient reviews. The Academic Detailing Program Office will be promoting the use of VIONE as a part of the Polypharmacy initiative. This template is not mandated for use but should be installed at all sites. For any questions, contact: Kimberly Dickerson ([Kimberly.dickerson1@va.gov](mailto:Kimberly.dickerson1@va.gov))
