Add/Edit Address Updates

VistA Registration Eligibility and Enrollment (REE) DG*5.3*925

Release Notes

September 2017

Department of Veterans Affairs

Office of Information and Technology (OI&T)

Table of Contents

1   Introduction

Patch DG*5.3*925 is being released to support the enhancements for the Enterprise Health Benefits Determination (EHBD) program that focuses on updates for the Enrollment System Modernization (ESM) project, which supports Enrollment System Community Care (ESCC).

DG*5.3*925 is also being released in support of the Enrollment System (ES) 4.6.0 release. Refer to Informational Patch EAS*1*147 (Enrollment Application System) for additional details regarding the ES release.

2   Purpose

These Release Notes cover the changes to the VistA REE system for this patch release.

3   Audience

This document targets users and administrators of the VistA REE system and applies to the changes made between this release and any previous release for this software. Therefore, the users and administrators are deemed competent in using existing applications.

4   This Release

The following sections provide a summary of the new features and functions added, enhancements and modifications to the existing software, and any known issue for VistA REE Patch DG*5.3*925.

The DG*5.3*925 software will be distributed as a PackMan message included with the patch message.

4.1 New Features and Functions Added

There are no new features added to VistA REE.

4.2 Enhancements and Modifications to Existing

This portion of the Add/Edit Address Updates build will modify Registration Screens to display the correct address labels.
